MELATONIN SLEEPWELL

This natural oral spray supplement is made by **vegetal melatonin (phytomelatonin) and 7 relaxing herbs** (valerian, hawthorn, lemon balm, poppy, orange and lime blossom, sweet clover). Human melatonin production decreases as a person ages. A supplement of melatonin is indicated to **improve the quality of sleep** or to treat cases of insomnia. Melatonin is useful in regulating the circadian rhythm (sleep-wake cycles) in relation to particular periods of life or in alleviating the jet-lag's feelings.

EFSA Health Claims:

Melatonin contributes to the alleviation of subjective feelings of jet lag. Melatonin contributes to the reduction of time taken to fall asleep.

This product is not suitable for sale in Switzerland as nutritional supplement.

VITAMIN B12 SPRAY

A must have for vegans. Vitamin B12 is an essential micronutrient. It is only found in animal foods, like meat, milk and cheese and our body does not produce it by itself. **Vitamin B12 cobalamin** is a complex molecule with a cobalt atom at its center and it's **completely vegan**. Vegans are often deficient in vitamin B12. That's why it is crucial they make sure to get enough vitamin B12 with a proper supplementation.

EFSA Health Claims:

Vitamin B12 contributes to normal energy-yielding metabolism, to normal functioning of the nervous system and to normal homocysteine metabolism. Vitamin B12 contributes to normal psychological function, red blood cell formation and to the normal function of the immune system. Vitamin B12 contributes to the reduction of tiredness and fatigue and has a role in the process of cell division.
