## MELATONIN SLEEPWELL

This natural oral spray supplement is made by **vegetal melatonin (phytomelatonin) and 7 relaxing herbs** (valerian, hawthorn, lemon balm, poppy, orange and lime blossom, sweet clover). Human melatonin production decreases as a person ages. A supplement of melatonin is indicated to **improve the quality of sleep** or to treat cases of insomnia. Melatonin is useful in regulating the circadian rhythm (sleep-wake cycles) in relation to particular periods of life or in alleviating the jet-lag's feelings.
